THE Old Roman does give voice to some statesmanlike utterances. Hear him! Speaking of the colored man he says: "The negro is a very prolific animal."

WE are to learn a good deal more about the tariff before we get through with it. Fifty-three notices have been given from as many Senators, who intend to make tariff speeches when that debate opens.

CUMBERLAND COUNTY, New Jersey, which was the first county to vote under the new local-option law, was carried against license at the election last week by about 1700 majority, in a total of 6000. The successful working of the local-option system will do much to reduce the third-party vote in New Jersey.

DEMOCRATIC division in South Carolina, as in other Southern States, means Republican supremacy, and we all know what Republican supremacy in the South means. [Atlanta Constitution (Dem.).]

Yes; it would mean that the vote of the colored citizen was worth just as much as the white man's. It would mean honest votes and the purity of the ballot-box. It would mean protection to the person and property of the colored man, and protection to the industries of the country and national prosperity.

HEADQUARTERS have been secured at the Palace Hotel in San Francisco by the American Tariff League of California, and the league has entered manfully upon the work of the campaign. The objects of the league are to protect American labor by a tariff on imports which will adequately secure American industrial products against the competition of foreign labor. The organization is non-partisan, claiming that protection to American industries has passed the measure of party politics, and it is now a question of self-preservation.

THE action of the Democratic leaders in dragging around the country that venerable old relic of a bygone generation whom they have nominated for the Vice-Presidency is nothing less than cruel, and moreover shows to what straits they are driven in their defense of an unpopular issue. They might have permitted Thurman to pass his few remaining years in peace. It is not at all improbable that the excitement of the campaign may send the old man to his grave before election day. It is indeed a remarkable ticket which the Democrats ask the people to vote for—the fat man of Buffalo and a septuagenarian invalid.

## The New Chinese Restriction Bill.

The new Chinese Restriction Bill, which has been passed by the Senate, with a motion to reconsider pending, is a radical measure, which, if conscientiously enforced, should provide absolute restriction. The bill is supplementary to an act to execute certain treaty stipulations relating to the Chinese. There is nothing in the bill in violation of any treaty in case the treaty now pending should be ratified. Following are the provisions of the bill in short:

Section 1 provides that from and after the passage of the act it should be unlawful for any Chinese laborer who should at any time heretofore have been, or who may now or hereafter be, a resident within the United States, and who shall have departed or should depart therefrom and should not have returned before the passage of this act, to return to the United States.

Section 2 provides that no certificates of identity, provided for in the fourth and fifth sections of the act to which this is a supplement, should hereafter be issued, and every certificate heretofore issued in pursuance thereof is hereby declared void and of no effect, and the Chinese laborer claiming admission by virtue thereof shall not be permitted to enter the United States.

Section 3 provides that all duties prescribed and liabilities, penalties and forfeitures prescribed by the second, tenth, eleventh and twelfth sections of the act to which this is a supplement are hereby extended and made applicable to the provisions of this act.

Section 4 provides that all such part or parts of the act to which this is a supplement as are inconsistent herewith are repealed.

## Which Is the Whisky Party?

Referring to a paragraph in the Herald, to the effect that Prohibitionists could not be expected to stay in the Republican camp in view of the so-called "free whisky" plank in the Republican platform, we called the attention of the Herald to the fact that the Prohibitionists, in their national platform, demand the immediate and total abolition of the tax. To this our straight Bourbon contemporary replies as follows:

Yes, but the Prohibitionists have in mind the utter annihilation of all manufacture and sale and use of all alcoholic beverages. The only result to follow from the Republican programme is cheap liquor. Mr. Blaine is good authority on this point, isn't he? Not so funny when you come to know what you are talking of, and to tell the truth.

It is enough to make a brazen monument of Grief grin to see an organ of the saloon men and gamblers drawing such fine distinctions as to the varying degrees of conscientious scruples which influenced the framers of these two resolutions. Would the astute, analytical mind which conceived the above metaphysical conundrum find it much more satisfactory to be punched on the nose by a man for a little cheap notoriety than by one who had in mind the "utter annihilation" of the a. a. mind and body? It is really astonishing to what lengths of imbecility sane persons may be led in the attempt to apologize for a bad cause. The Republicans say they would remove the internal revenue tax rather than ruin American workingmen by admitting free the products of European and Asiatic cheap labor. That is twaddle. The Prohibitionists say they would remove the tax immediately, because it is an immoral one. That is twaddle-dee.

While on this subject we may call attention to the fact that Democratic organs, whenever they are hard pushed for arguments in excuse of their free-trade doctrine, point with affected horror to this so-called "free-whisky" plank in the Republican platform, and ask how any respectable, self-respecting Democrat—let alone a Republican or Prohibitionist—can think of voting for a party which proposes, even in a very remote and improbable contingency, to remove the internal revenue tax. Let us ask these ultra-virtuous Bourbon journals a question. It is not fair to let them propound all the campaign conundrums. Now, then, Messrs. Herald et al., how is it that the saloon interests generally support the Democratic party, and are ready to be assessed to promote the success of its candidates? Not from sentimental motives, surely. Even the Herald would scarcely claim that. The saloons are rarely governed by sentimental considerations. By no means. It is entirely a matter of business. The saloon men know very well upon which side their bread is buttered. They know that legislation designed to restrict their powers for evil proceeds from Republican Legislatures, and that their

only hope for relief lies in the Democracy, who can be counted on every time to obstruct the enactment of what our local Bourbon contemporary is fond of calling "sumptuary laws." In the present campaign there is a new and special reason for saloon support of the Democracy. Section 40 of the Mills Bill, which is omitted from the copy of the bill sent out from Democratic headquarters and from the version printed in the Democratic newspapers, offers a cash gratuity of \$25 per annum to every saloon-keeper in the United States. This it does by repealing outright the Government tax levied upon retail liquor dealers. The saloon-keepers could certainly afford to turn over to the Democratic campaign fund the tax for one year to secure exemption from the tax.

Is it not an edifying spectacle to see the party which makes this open bid for the financial support of the saloons expressing horror at the remotely contingent proposition of the Republicans to repeal the internal revenue tax? And is it not still more edifying to see the ultra-moral Prohibitionists playing into the hands of a party which is the champion of the saloon interests, and doing their best to defeat the party which has declared in favor of the purity of the home, and which proposes, under certain circumstances, to do just what they themselves demand shall be done immediately?

It is the Democrats and their faithful allies, the Prohibitionists, who are the true whisky party. And that is why the saloon interests support the Democracy.

## How the Soldiers Vote.

A correspondent sends the National Republican from Concordia, Kan., the following item of interest:

At the soldiers' reunion, closing today at Washington, Kan., a vote was quietly but correctly taken among the boys of the following States, with the result given:

Illinois—Cleveland, 1; Fisk, 1; Harrison, 135.  
 Ohio—Cleveland, 1; Fisk, 0; rest of a large delegation for Harrison.  
 New Jersey—Cleveland, 0; Fisk, 1; Harrison, 23.  
 Kansas—Cleveland, 2; Fisk, 0; rest of a large delegation for Harrison.  
 Indiana—Cleveland, 0; Fisk, 0; Harrison, 60.  
 Missouri—Cleveland, 0; Fisk, 0 all for Harrison.

Which shows that the boys "vote as they fought." The battle-flag order, the tone of the votes, and the fishing expedition on Decoration day, taken together, make them as solid against Cleveland as the South is for him.

## The following is from the Irish World:

"Cheapsness is the bait they hold out to catch voters. The wage-worker is to work all the year for cheap wages that he may buy once a year a cheap suit of clothes. When he comes to compare what he has saved by his operation, we don't believe he will be very much elated over his profits."

More than one Irishman will remember, as he casts his vote this fall, the utterance of the English press: "The only time that an Irishman is of any use to us is when he goes to America and votes for free trade."

A WASHINGTON dispatch to a New England journal says the Democrats are becoming uneasy over the prospects of Republican success in West Virginia. It is understood that both Cleveland and Thurman endeavored to secure the nomination of a protectionist as the Democratic candidate for Governor, but failed.

## AMUSEMENTS.

AT THE OPERA-HOUSE.—The brief appearance of the political candidates in the second act of *Rags* has been so attractive that it is now a nightly feature. Tonight ends the engagement of Hettie Chase-Bernard, and on Tuesday the great Hermann, mystic, and adept in the black art, will open for the remainder of the week.

AT THE ACADEMY OF MUSIC.—The "Congress of Novelties" and the athletic and daring "Silbons" have drawn good houses, and their engagement will continue into next week, including a performance on Sunday night.

## HIS FLORENCE.

## How A Rich Man Hoodwinked A Laborer.

All sorts of kicks and complaints are being made nowadays, consequently a TIMES reporter was not surprised yesterday when he was stopped at the corner of First and Fort streets by a man who said that he had a grievance that he wanted ventilated. The party in question was recognized by the reporter as a man who had an application for a place on the police force before the board, and who used to be on hand regularly at all the meetings, but who has dropped out lately. He said that last June a wealthy man who resides on Jefferson street had taken an interest in him, and tried to get him on the force. He had been unsuccessful, but his patron told him that he had enough "influence" to compel the commissioners to appoint him, and that he had been working for him, but had received no pay except the promises that he should wear a blue coat and brass buttons in the near future. Finally tired of these empty promises, he had determined to investigate matters for himself, and had found out that instead of there being any prospect of having his ambition satisfied, the force was being reduced. He had therefore quit, and wanted to know what redress he had. As it is a case not covered by the "statutes," it looks as though the complaining citizen had been playing for a "sucker" bill the entire property-owner, who secured three months' labor for nothing.

## "ANONYMOUSLY."

## The "Herald's" Story About Maj Dorney Refuted.

The Herald yesterday said, on the authority of "an anonymous letter," that "Paddy Dorney, the chairman of the Irish-American Republican Club, had skipped with a goodly portion of the booty." The facts are that before Maj. Dorney left last week for San Francisco the financial affairs of the club were pronounced to be in a satisfactory condition, and J. F. Hogan resigned as treasurer, and Mr. Craig of Boyle Heights was elected in his stead. Before leaving, Maj. Dorney handed in his resignation as president, and P. M. Darcy was elected to fill the vacancy. The club intended to hold a ball tonight, but owing to the fact that the ticket-book had been misplaced and could not be found, the committee postponed the ball three weeks. Maj. Dorney has been engaged 16 stumps the State by the Republican party.

It was ascertained yesterday afternoon that the tickets had been properly accounted for. Knowing the Democratic party had paid emissaries in the club, some of the members, to remove all doubts as to the fact of there being spies in the camp, put up the job and the question of the Democratic spies, who at once took the supposed news to the Herald for publication. As a matter of fact the club is financially sound, and the "anonymous letters" are for some more "anonymous letters."

Yellow Fever Still Doing Its Deadly Work in the South.—The Disease Breaks Out Violently in Alabama—Relief for the Sufferers Pouring In.

By Telegram to The Times.

COLUMBUS, Sept. 7.—[By the Associated Press.] There has been continuous rain since early this morning, and the committees in charge of the Grand Army Encampment arrangements express the hope that the wet season will be over by the time the masses begin to arrive tomorrow and Sunday. The advance of a few scattering delegations have arrived, and it is expected that there will be a large number in tomorrow. Gen. W. T. Sherman passed through today en route to Lancaster, where he will visit relatives, and be in Columbus next week.

The Arizona display of cereals and the California display of fruits have arrived and been placed in position. The latter is favorably located in the City Hall building. Around the room have been arranged photographic views of the beautiful natural scenery for which California is so famed. On the floor of the hall are unpacked fruits, cereals, big melons, big pumpkins, bark of big trees and wood of the big redwood trees worked into beautiful furniture. A stereoscopic exhibit will be given every evening. The views shown will be a pictorial tour through the finest and most interesting scenery in the State. The big-tree groves, unrivaled beauties of the Yosemite Valley, picturesque old Spanish missions and monasteries, orchards with fruit-laden trees, vast vineyards, snow-crowned Mt. Shasta and the bleak summits of the Sierras, beautiful Lake Tahoe, the Lick Observatory, with its great telescope, the largest in the world, the beginning of the Stanford University buildings and a score of other wonders. A map of the State will be shown, in which have been placed the New England States, New York, New Jersey, Delaware and Ohio. Yet California holds all these, and has 400 square miles left. This exhibit is attracting a great deal of attention, and is in charge of W. McD. Johnston and H. C. Tebbets, representing the scenery and resources, and F. L. Platt and Joseph McDonald representing the fruits, under the auspices of the California Board of Trade.

## THE DEADLY FEVER.

## Mortality at Jacksonville—Relief Work Begun in earnest.

JACKSONVILLE (Fla.), Sept. 7.—[By the Associated Press.] This has been another day of gloom and death, and what is worse, the outlook for the future is gloomier still. Many new cases were reported to the Board of Health today for the 24 hours ending at 6 p.m. There were eight deaths from yellow fever during the same period. Among the prostrations by fever is Hon. H. A. Lengle, chairman of the Executive Committee of the Citizens' Sanitation Association, who has worked indefatigably since the outbreak of the fever.

The Committee of Depopulation completed the census of the city today, and reported that the total population remaining is 13,777 whites and 3900 colored. It is expected that 3000 or 3500 will leave in 10 or 15 days. The complete depopulation of the city is impossible, and those without means can hardly be provided for in the refugees' camps under a month or six weeks, during which time it is feared the epidemic will have done its worst, and hundreds of lives will have been sacrificed.

## AID FROM MANY SOURCES.

CHARLESTON (S. C.), Sept. 7.—The Howard Association sent \$500 to Jacksonville today. All mercantile bodies have opened subscriptions. An extra meeting of the City Council will be held tomorrow, to take action in the same direction. Experienced nurses are volunteering in large numbers.

NEW YORK, Sept. 7.—Several meetings were held today to aid the sufferers at Jacksonville. The New York Produce Exchange telegraphed to the Mayor of Jacksonville today to draw on that body for \$500. Those who have business relations with Jacksonville or have friends living there held a meeting and appointed a committee to take steps for providing immediate relief. A meeting of ladies from New York city and Brooklyn was also held, and Mayor Cooper today received \$1000 for the stricken city, and H. H. P. Hallins & Co.'s fund is increased to \$441. Tammany Hall tonight appropriated \$2000 for relief of the yellow fever sufferers in Florida.

PHILADELPHIA, Sept. 7.—At a meeting of the Citizens' Permanent Relief Committee at Mayor Fitter's office today, contributions aggregating \$1000 were received to aid the fever-stricken people at Jacksonville. It was decided to call a public meeting of citizens, to be held at the Mayor's office on Monday next, and it was agreed to telegraph \$2500 to P. McQuade, chairman of the General Relief Committee of Jacksonville.

SAVANNAH, Sept. 7.—The Savannah, Florida and Western Railway Company contributed \$1000 today to the yellow fever sufferers in Jacksonville.

## THE DISEASE IN ALABAMA.

MONTGOMERY (Ala.), Sept. 7.

*Surg.-Gen. Hamilton:* Our special agents report ten cases of yellow fever at McClellan, in Baker county, and one death from black vomit. (Signed) W. S. REESE, Mayor.

## TROUBLE IN TEXAS.

## Negroes Ordered to Leave Fort Bend County.

RICHMOND (Tex.), Sept. 7.—[By the Associated Press.] The negroes ordered to leave Fort Bend county for the attempted assassination of H. H. Frost, will resist. A committee of six citizens went out to Jack and Tom Taylor's, 15 miles from Richmond, a stronghold of 500 negroes, to notify them that they had ten hours in which to leave the county. They declined to leave and defied the whites. One of the committee returned to town and reported the decision of the Taylors, while others remained on guard. Forty men armed with Winchester have gone out to enforce the order. C. M. Ferguson, the offensive negro district clerk, has gone to the Taylor neighborhood. Matters have assumed such a serious phase that two local military companies have been called into service. Gov. Ross has ordered the State Rangers to Fort Bend county.

## DISABLED AT SEA.

## The Guano Steamer Nevada Being Towed Back to Port.

NEW YORK, Sept. 7.—[By the Associated Press.] The Guano Island Steamer Nevada left this port on Tuesday with 35 first cabin and 50 steerage passengers bound for Liverpool. On the next day she broke her main shaft, rendering her nearly helpless. She hoisted sail, and Capt. Cushing decided to about ship and return to this port. He caused the night danger signals to be hoisted and started on his return. About 3:30 a.m. yesterday a pilotboat, when 300 miles from Sandy Hook, perceived the signals on the Nevada, and an hour later was alongside of her. She accompanied the disabled steamer until noon yesterday without incident. Then the German steamer Polario, from Hamburg, hove to, and soon reached the Nevada. Three steel hawsers were swung from the Polario to the bow of the Nevada and made fast. The procession, with the pilot boat in the rear, then started for New York. Last night the Nevada's engine was disabled. The Nevada, it is thought, will reach here tomorrow afternoon. The Nevada's passengers will be transferred to the Alaska of the same line, which sails for Queenstown and Liverpool on Tuesday next.

## MRS. STOWE DYING.

## The Noted Authoress Drawing Near Life's Close.

NEW YORK, Sept. 7.—[By the Associated Press.] The Tribune tomorrow will say: "Mrs. Harriet Beecher Stowe is dying. Some months ago she came to live at the home of Rev. Charles Edward Stowe, at North Haven, near Sag Harbor, L. I. About eight days ago congestion of the brain set in, and last night Mrs. Stowe died in a partly unconscious condition. There is no hope of her recovery. Yesterday members of the family were called to the sick woman's bedside. Mrs. Stowe is now 77 years old."

## THE ODD FELLOWS.

## Boston Members of the Order on the Way to Los Angeles.

MONTREAL, Sept. 7.—[By the Associated Press.] A special train of four Pullmans and baggage cars arrived today with 100 Boston Odd Fellows, with their friends and families, en route to Los Angeles, Cal., to attend the convention of all lodges in the United States to be held there in the middle of this month.

## Base-ball.

CHICAGO, Sept. 7.—Today's game was a hotly-contested and exciting one. Both pitchers were wild and the batting was heavy throughout. Score: Boston, 9; Chicago, 11. Batteries: Clarkson and Kelly, Baldwin and Daly.

INDIANAPOLIS, Sept. 8.—Shreve pitched magnificently and was well supported till the ninth inning, when a muff by Hines lost the game for Indianapolis. Score: Indianapolis, 2; New York, 3. Batteries: Shreve and Buckley, Keene and Brown.

PHILADELPHIA, Sept. 7.—Athletics, 7; Kansas City, 1. The second game was stopped at the second inning on account of the rain, when the score stood 4 to 1 in favor of the visitors.

PITTSBURGH, Sept. 7.—No game—rain. DETROIT, Sept. 7.—No game—rain. CLEVELAND, Sept. 7.—No game—rain. BROOKLYN, Sept. 7.—Louisville, 5; Brooklyn, 8.

## Transcontinental Freight Rates.

CHICAGO, Sept. 7.—The question of whether governing rates of transcontinental traffic have come to stay or not continues to agitate Chicago railroad men. At present the rates are only partially in force. Roads leading westward from this city have adopted them only so far as they do not discriminate against Chicago or conflict with the provisions of the Interstate Commerce law. In fact, the position of the trunk lines would prevent them from putting into effect the New York rates on west-bound California business, even if they were disposed to do so. For the present, at least, that business will all go to other roads than via Chicago. The amendments that are being made to the tariff are calculated to remove the principal objections so far as interior points are concerned, but the question remains as to the legality of charging more for the shorter than for the longer haul, and on this question there seems to be a wide difference of opinion.

## The Eastern Tour.

DETROIT, Sept. 7.—This was the last day of the fall meeting of the Detroit Driving Club. J. L. Hudson's 2-year-old, Home Rule, first, Doris Cossack second, Brandoia third, Astoria fourth. Best time, 2:37 1/4.

In the 2:23 class, purse of \$1000—Fugate first, Flush second, Nellie V. third, Clipper fourth. Best time, 2:22 1/4. The special stake for 6-year-olds, valued at \$440, and the national trotting stake for 3-year-olds, valued at \$11,750, were awarded to Williams and Mambrino Dudley respectively without contest.

HARTFORD, Sept. 7.—The following were the Charter Oak Park races: Pacing, 2:20 class, value \$400—Roy Wilkes, Emma second, Monarch third, Lady Wilkin fourth. Best time, 2:15 3/4. Free-for-all, pacing—Gossip, Jr., first, Jewett second, Arrow third, Joe L. fourth. Best time, 2:15.

## The Ohio Centennial.

COLUMBUS (O.), Sept. 7.—Catholic day at the Ohio Centennial Exposition brought in excursions from nearly all the cities and towns of the State, there being over 60 organizations represented, and probably 10,000 people in all. Formal exercises were held in the large coliseum at Centennial Park in the afternoon. Among the distinguished prelates on the platform were Archbishop John Ireland of St. Paul, Minn., and William H. Elder of Cincinnati, Bishops Gilmore of Cleveland, Risper of Grand Rapids, Watterson of Columbus and prelates of the clergy from nearly every city in the State and some from other States. Bishop Watterson delivered a most hearty address of welcome, and was followed by Mr. Schmhurst of St. Louis, who spoke in the interest of good will among the nationalities of the church.

## Polygamy Dying Out.

CINCINNATI, Sept. 7.—The Cincinnati annual Methodist and Episcopal Conference is in session at Jamestown, O. Dr. I. C. Hill, formerly of this State, but now in charge of the Methodist mission in Utah, visited the session, and said that notwithstanding the reports given out by the press in general, polygamy is on the decline in Utah. The Government officials are enforcing the law against Mormonism, and as a result, many of the older leaders have been and are being driven out of the Territory. Their places are being filled by a set of younger and more Americanized men. He thinks that in a few more years polygamy will be driven out of Utah.

## Chicago Fruit Sales.

CHICAGO, Sept. 7.—The Earl Fruit Company sold three carloads. Prices for choice pears, Burrer Carleons, \$2.02; Duchess, \$1.90; Lawrence, \$2.35; White Diana, \$2.10; Onandago, \$2.05; Beurre Die, \$1.90; Beurre Rose, \$1.15; La Bonne, \$2.10. Quinces, \$1.05; Grosses pears, \$1.80. Lekworth plums, \$1.35.

Montgomery & Co. sold two cars in fine condition, which brought fair prices. Peaches, clingstone, 90c; freestone, \$1.25. Pears, Black's acme, \$2.70; B. Die, \$2.10; White Doyenne, \$1.90; B. Clairgaur, \$2.05; Seckel, half boxes, \$1.25; Doy Comice, \$1.95; Lekworth plums, \$1.35.

## Wheat Excited in Chicago.

MINNEAPOLIS, Sept. 7.—The Minnesota Grain and Warehouse Commissioners today promulgated a rule admitting damage of 5 to 10 percent by frost to grade No. 1 hard. This decision caused a sensation among dealers, who vigorously protest that it will hurt the sale of Minnesota wheat.

CHICAGO, Sept. 7.—The wheat market was feverish this morning, on the published reports that the Minnesota Warehouse Commissioners had lowered the grade of No. 1 hard by allowing a certain percentage of frosted wheat. It took till about noon to get an authoritative denial of the report, so that its weakening influence on the market.

PARIS, Sept. 7.—[By Cable and Associated Press.] A dispatch to the Temps from Zanzibar says that at Pangani the natives today resisted the landing of the German company's officers and the Sultan's troops. Shots were exchanged and two Germans were wounded. The German man-of-war afterward bombarded Pangani. The excitement is spreading. Communication with the interior is interrupted.

The Germans, after effecting a landing, drove the Arabs and natives into the bushes. Twenty Arabs were killed. The trouble arose from the procedure of the German East Africa Company.

NEW YORK, Sept. 7.—[By the Associated Press.] At a Democratic mass-meeting at which about 2500 persons were present, held tonight as a protest against the renomination of Gov. Hill, Wheeler H. Peckham presided. Among those announced as vice-presidents were O. Ottendorfer, Anson P. Stokes, Everett C. Wheeler, Louis F. Post, George H. Putnam, E. H. Vananoghe and Charles Conant. A remarkable address to the Democratic State Convention soon to be held was adopted. The delegates are to elect David B. Hill, who is characterized as "a man who in his public acts during the past four years as Governor of this State has earned a reputation as lacking in every qualification for holding office in a self-respecting Democratic community." W. H. Peckham, Henry George and others spoke.

## THURMAN BETTER.

**He Denies That His Illness Was Due to Stimulants.**

NEW YORK, Sept. 7.—[By the Associated Press.] Thurman awoke shortly after 10 o'clock this morning, much refreshed, after nearly 18 hours of almost unbroken sleep. The physicians say he is much better, and suffers no ill effects from his slight illness. Judge Thurman is all right, and his only regret is that he was unable to speak last night. He arose at noon, and expressed himself as feeling well except for a little weakness. He is very grateful to the people for their interest in him, and wishes to be explained to them that there is nothing in his condition to excite alarm. He has simply suffered from an attack such as the strongest is liable to, and is now all right.

Thurman expressed himself as very much amused over the insinuation in some of the papers that his illness of last evening was due to over-indulgence in intoxicating liquors. As a matter of fact, he said, he had taken no liquor during the day, unless the medicine prescribed by Dr. Goldthwaite for his temporary distressing trouble contained it. W. A. Taylor, Thurman's secretary, said he had been with Mr. Thurman the entire day, and that it was a most malicious piece of business to insinuate that the latter suffered through over-indulgence in stimulants.

## A PIVOTAL STATE.

**Both Parties Working Hard to Capture Indiana.**

INDIANAPOLIS, Sept. 7.—[By the Associated Press.] The outside public may gain some idea of the magnitude of the great political battle that is just getting fairly under way in every township and county of Indiana when it is learned that the Democracy has 2500 local speakers throughout the State who have already canvassed their own counties and are now exchanging with speakers of adjoining counties. A majority of this army of orators are assigned for speeches every night in the week for two and three weeks ahead. Other assignments will be made. The Democratic State Committee facilitates the work by arranging assignments for local speakers through the district committees. The list of local speakers on the part of the Republican State Committee is not complete as yet, but 1500 names are listed, which is an average of nearly 15 to each of the 92 counties. The work of assigning dates and places for the host of speakers is largely done by the State Committee. Both committees have large document-rooms, where campaign congressional literature may be seen by the ton. These documents arrive and depart almost daily by the way-overload. It is expected that Judge Thurman will attend about a dozen meetings in Indiana.

**Manzied by Cars.**  
SAN JOSE, Sept. 7.—Tyson J. Wood, son of Rev. Jesse Wood, editor of the Chico Chronicle-Record, was killed on the Narrow Gauge road in this city this afternoon. **Material Changes in the Road Districts—Visit to Sacramento.**

The board met yesterday, all the members being present. In re petition to divide Wilmington township, the petition being read, argument was heard from Mr. Hellman in favor and Messrs. Shaw and Sepulveda against. Supervisor Venable moved that the petition be granted. Motion lost.

The Clerk was directed to advertise for bids to build a jail not to cost more than \$250, on lot near the county, at Newhall. Bids received till September 24th, at 10 a.m.

Supervisor Venable moved that the board go in a body to Sacramento, and on next Tuesday advocate the reduction of the valuation of the assessment roll of Los Angeles county. The motion was carried. In re Twenty road a deed from Fichtelberger et al. was accepted, and the lands conveyed declared a public highway.

A petition to create a new school district in La Liebre was granted.

Front street, in Spruill's addition to Norwalk, was declared a public highway.

The road district of Los Virgenes was taken from the township of Santa Monica and added to that of San Fernando.

The boundaries of Pasadena township were changed as follows: The south boundary line is extended east to the center of north and south line of section 22, township 1 N., range 11 W.; thence on half section line to line between townships 1 and 2 N.; thence west on such line to the intersection of original township line, between sections 5 and 6, township 1 N.; range 11 W.

The boundaries of El Monte township were changed so as to harmonize with the change above made in Pasadena township.

The boundaries of the Sierra Madre road district were changed.

The board established the voting precincts throughout the entire city and county, and the clerk will advertise for bids for their printing in pamphlet form.

Adjourned till today, at 10 a.m.

## COARSE AND BRUTAL.

**The Trombone's Stupid Insult to Margaret Blair.**

Mrs. Margaret Blair, who resides in the neighborhood of Mateo and Sacramento streets, called at the Times office yesterday and bespoke a wholesome denunciation of the "coarse and brutal" Trombone for the publication of an item headed "Noisy Maggie." The item in question intimated that "Noisy Maggie" (meaning Mrs. Blair) had been arrested for disturbing the peace of her neighborhood.

Blair explained that she unfortunately has two very bad neighbors, and without the least provocation on her part they make life a burden to her. The children of said neighbors have not only broken her pump, stolen her grapes and beaten her dog, but they have called her "a drunken biddy." Mrs. Blair thinks seriously of having the whole parcel of them, including the C. and B. Trombone, arrested for disturbing the peace.

## Stealing a Register.

Daniel O'Leary is a conductor on the Main street and Agricultural Park line of cars. A few days ago a ticket-registering machine, such as hang on the necks of all honest conductors, was missing from another conductor's room, and O'Leary was charged with stealing it. A. A. Cleveland, the roomman of the room in company with three others, went to O'Leary's room and called for the register. O'Leary took the instrument, and arming himself with a revolver, made way for liberty, and jumping out of a window, gave Mr. Cleveland a lively chase across the fields near Agricultural Park. Mr. Cleveland proved to be a better runner than his namesake at Washington, but O'Leary kept off his pursuit with his gun and escaped. He was arrested yesterday afternoon on Main street by one of Martin Aguirre's deputy constables, and was placed under bonds of \$1000 for trial on a charge of petty larceny on the 17th inst.

## A Small Bottle of Wine.

It is a good thing to protect the poor Indian against his appetite for strong drink, but if his story is true there is a man confined in the County Jail for selling whiskey to Indians who is the victim of a great injustice. The party in question is John Otto, a restaurant-keeper at San Bernardino. Otto says that he serves a small bottle of wine with each meal in his house, and that an Indian came in to dinner and drank his wine, as others did, and that some one who saw him do this made a complaint against him and he was arrested. He says he did not know at the time whether it was an Indian or Mexican who drank his wine, as he is not in the habit of questioning people who come into his place as to their nationality, and thinks that he is suffering a great hardship in being locked up and kept from his business.

## A Disorderly Place.

Several complaints have been made recently of the disorderly character of Fancher's saloon, on San Fernando street, opposite the Southern Pacific passenger depot. Large crowds of men congregate in the place after night and disturb the neighborhood by loud talking, swearing and boisterous conduct generally. One night this week a stranger who was going off on the night train stepped into the place to get a glass of beer, when he was assaulted by a gang of drunken loafers and his hat smashed down over his ears. The place has got to be so bad that the officer on the beat has had to have it closed one or two nights to prevent trouble.

## Grasso Held for Murder.

Charles Grasso, who has been confined in the County Jail for the past two months on a charge of assault to murder, was taken to San Pedro yesterday to be examined on a charge of murder, his victim having died from the effects of injuries inflicted by Grasso in a fight on the wharf at that place. The two men had got into a fight, when Grasso stabbed the other man severely, but it was not thought fatal, and he was arrested on a complaint charging him with assault to commit murder, on which he was examined and committed to jail. On the death of the man this was charged to murder, which accounts for the new trial.

## The Dog-catchers.

There have been numerous complaints of late about the dog-catchers carrying off canines on which their owners have paid the yearly tax, and that in some instances they have lassoed dogs in yards and made off with them before they could be stopped. Last evening a lady called at the police station to report the carrying off of an outrage of this kind. She said that her dog, on which the tax had been paid, and which had the tag on the collar at the time, was caught by the dog-catcher and put in the pound, and that the pound keeper refused to give up the animal unless he was paid \$2. The matter will be looked into.

## Sunday Gospel Meetings.

The Sunday gospel meeting for men only, conducted by the Young Men's Christian Association, continues to attract large numbers of young men every week, at Opera-house Hall, Main street, near First. The service lasts just one hour, commencing at 4 p.m., and the parts largely of good singing by the audience and male quartette, accompanied by the association orchestra, with a short practical talk. Tomorrow the speaker will be Dr. E. P. Whalon of Indianapolis, one of the leading ministers of Indiana, and originator and former editor of The Church at Work. All young men are made welcome.

## PUBLIC LANDS.

**OPEN TO SETTLEMENT UNDER RECENT DECISIONS.**

**Forfeited Railroad Grants—Official Action of the Secretary of the Interior—Priority of Grant Gives Priority of Rights—Important to Settlers.**

[From Copy of Land Owner of August 15, 1888.]

**FORFEITED RAILROAD GRANTS.**

**Synopsis: Conflicting Grants—Restoration—Reservation.**

The Southern Pacific Railroad Company (branch line) could acquire no rights to lands within the primary limits of its grant and the grant for the Atlantic and Pacific Railroad Company. Patents embracing such lands were erroneously issued.

Unpatented lands within the primary limits of the two grants, and those within the indemnity limits of the Southern Pacific (branch line) and the primary limits of the Atlantic and Pacific grant, will be opened to settlement.

Unpatented lands within the primary limits of the Southern Pacific (branch line) grant, and within the indemnity limits of the Atlantic and Pacific grant, will be continued in reservation, pending a determination by the courts of the rights of the Southern Pacific Railroad Company.

Secretary Vilas to Commissioner Stockslager. June 23, 1888.

On the 19th of May last the department referred to your office, for report thereon, the application of Mr. Joseph K. McCammon, attorney for the Southern Pacific Railroad Company, requesting that the same course may be adopted with reference to lands claimed by the Southern Pacific Railroad (branch line) that was taken with reference to lands claimed by the Union Pacific Railroad Company lying southwest of Denver. That is, that the Southern Pacific Railroad Company be called on, under the act of March 3, 1871, for recovery of lands within the primary or 20-mile limit of the Southern Pacific Railroad (branch line), which are also within the granted and indemnity limits of the Atlantic and Pacific Railroad, shall remain undisturbed until the rights of the company can be determined by suits before the courts.

You state in your report that patents have been issued to the Southern Pacific Company for 60,333.33 acres of land lying within the common primary limits of both roads, and that patents have also been issued for 19,789.58 acres of land lying within the primary limits of the Atlantic and Pacific Railroad Company.

In addition to these, patents have been also issued to said company for 8,774.68 acres of land lying within the indemnity limits of their grant and within the primary limits of the Atlantic and Pacific Railroad Company.

It is alleged by the attorney for the company that the company has sold a large quantity of selected and unselected land, and within both the primary and indemnity limits of said road. It is this class of lands that the company request may be kept in reservation until a judicial determination of the right of the company to said lands, which may be sufficiently determined in a suit to vacate the title of the company to land of the same character for which patents have already issued.

The lands involved are of three classes:

1. Lands within the common primary limits of the grant to the Atlantic and Pacific Railroad Company and of the grant to the Southern Pacific Railroad Company (branch line).

2. Lands within the primary limits of the grant to the Southern Pacific Railroad Company (branch line), and within the indemnity limits of the grant to the Atlantic and Pacific Railroad Company.

3. Lands within the indemnity limits of the grant to the Southern Pacific Railroad Company (branch line), and within the primary limits of the grant to the Atlantic and Pacific Railroad Company.

As to the lands embraced within the first class, you recommend that suits be brought to annul the patents heretofore issued, and that all pending selections of similar lands be canceled and, with other unpatented lands within said limits, be restored to settlement and entry, and that the grant of the railroad company that said lands be held in reservation until the rights of the company to said lands may be determined by the courts, be denied.

As to these lands, your recommendation is based upon the authority of the Supreme Court in the cases of the Missouri, Kansas and Texas Railroad vs. Southern Pacific Railroad Co. (117 U. S. 491) and St. Paul and Sioux City Railroad vs. Winona and St. Peter Railroad (112 U. S. 720) that priority of grant, and not priority of location or construction, gives priority of right, and therefore the prior grant to the Atlantic and Pacific Railroad Company presented the attachment of the right of the Southern Pacific company to any lands within the Atlantic and Pacific company's granted limits, thereby defeating, as to said lands, the grant to the Southern Pacific Railroad Company.

Under the rulings of the Supreme Court in the case above cited, the right of the Atlantic and Pacific Railroad Company, by virtue of its prior grant, attached to all the lands within said limits that were of the character contemplated by the grant at the date of definite location, to the exclusion of the right of the Southern Pacific Company to any part of said lands under its grant of March 3, 1871.

In the case of Gordon vs. the Southern Pacific Railroad Company, the department adopted the views of the Assistant Attorney-General as expressed in his opinion in the case of the Texas Pacific Railroad Company vs. the Southern Pacific Railroad Company (4 L. D. 215; 12 C. L. O. 257) held that the proviso of the twenty-third section of the act of March 3, 1871, excepted from the operation of said grant all lands to which the Atlantic and Pacific Railroad Company had a right, either present or prospective. This ruling was followed by the department in the case of Wesley Coble, and also in the case of J. M. Voss, decided December 10, 1887. It was also concurred in by the Attorney-General in his opinion of April 16, 1888.

In a communication addressed to your office on November 23, 1887 (6 L. D. 349), relative to the adjustment of the grant to the Southern Pacific Railroad Company, the department held that the forfeiture of the grant to the Atlantic and Pacific Railroad Company did not invest the Southern Pacific Company with any greater right or interest than said company had at the date of forfeiture, but that the act of forfeiture divested the Atlantic and Pacific Company of all right, title

and interest in said lands and re-vested the title in the Government, upon the principles announced in the cases above cited. I think it clear that said patents were erroneously issued, and that proceedings should be instituted to vacate the patents so erroneously issued.

What has been said with reference to the lands in the first class will apply equally as well to lands in the second class. If the decision of the department in the case of Gordon vs. Southern Pacific Railroad Company (supra) is a correct construction of the twenty-third section of the act of March 3, 1871, in that case the department held that land within the indemnity limits of the Atlantic and Pacific Railroad was excepted from the operation of the grant to the Southern Pacific Railroad Company by the proviso to the twenty-third section of the act of March 3, 1871, although said lands fell within the granted limits of the Southern Pacific Railroad, because the Atlantic and Pacific Railroad had a prospective right of selection of said lands whenever its grant should be located. While I doubt if the reservation of "prospective" rights prevented the attachment of the grant of the Southern Pacific Company to lands in place, I am not disposed to disturb this ruling, believing that it is better to leave this point to be settled by the courts.

As to lands embraced in the third class, it has been settled by the Supreme Court that lands granted to one company are not subject to selection by another company (112 U. S. 414; 117 U. S. 406), and I concur in your opinion, that proceedings should be instituted to vacate the patents erroneously issued for such lands.

It is now urged by the company that as the department in issuing patents for lands embraced in each of the classes above mentioned, decided that the company was entitled under its grant to said lands, the same rule should therefore prevail as to all the lands embraced in the several classes that was adopted in the case of the Union Pacific Railroad as to its lands southwest of Denver. In that case the right of the company to the lands claimed depended on, on whether the Denver Pacific and the Kansas Pacific railroads formed a continuous line, or whether both lines terminated at Denver.

The department had approved a location of the road as one continuous line, and upon this theory the grant was adjusted and patents issued.

The right of the Union Pacific Railroad Company to its grant adjusted as one continuous line had not been passed upon by the courts, and in that case it was thought a wise exercise of administrative discretion to withhold all lands from settlement until the rights of the company could be determined by the courts.

In the present case, as to the lands within the granted limits of the Atlantic and Pacific Railroad Company, the decisions of the Supreme Court in the cases heretofore cited (97 U. S. 491, and 112 U. S. 720) are conclusive against the right of the Southern Pacific Railroad Company to any of the lands within said limits, and I therefore concur in your recommendation that the unpatented land within said limits—that is, the lands embraced in the first and third class—shall be opened to settlement and entry.

As to the lands embraced within the second class—that is, of lands within the granted limits of the Southern Pacific Railroad Company, and within the indemnity limits of the Atlantic and Pacific Railroad Company, in view of the doubt heretofore expressed, I concur in your recommendation that there can be no objection to continuing in reservation the unpatented lands of this class, pending adjudication by the courts, or until such time as the department may deem it proper to remove the reservation, you will notify the company of this decision.

Claimants may probably obtain preference rights to unpatented railroad lands (and upon patented lands should the patents be canceled) by offering preemption declaratory statements or applications for homestead, timber culture and other land entries in the United States local land offices, and it is recommended that they be taken to the Commissioner of the General Land Office, and await the final decision upon the questions.

**Wrote of Hot Air.**  
About 2-30 o'clock yesterday afternoon the people in the vicinity of First and Fort streets were startled by a terrific explosion, and a crowd of several hundred people were on the streets in a few moments. An empty high-proof spirit-barrel had been left in the backyard of 127 West First street, Sturh's wholesale liquor house, and, being heated by the intense sunshine, had gone off with a bang. Slaves and hoops and pieces of board filled the air for a minute, and the backyard looked like chaos afterwards. Nobody was hurt, and everybody enjoyed the sensation.

**Saved by Morphine.**  
Ah Sam, the Chinaman who cut off his queue in the city jail a day or two ago, came near dying yesterday. Sam was an inveterate opium fiend, using as much as six times worth of the drug per day. His allowance having been cut off in the jail, he rapidly failed, but was resuscitated by injections of morphine.

**A Hackman Arrested.**  
J. F. Dexter, a hack-driver, was arrested yesterday by Sgt. Davis on a charge of misdemeanor. Dexter had been driving a man around town and refused to give up his valise. Sgt. Davis brought Dexter and the valise to the station, where the man left his property. Dexter will be tried today.

## A LIBEL ANSWERED.

The publication of a libelous attack in city newspapers of the 7th inst. upon the president of this company will be met in the courts, where it will be settled; but we deem it a duty to the public to say that the slanderous article referred to can, in another sense, be answered here, by the statement that the only company in this city making a gas containing the element which, by inference, they charge this company with manufacturing, is the old monopoly Los Angeles Gas Company. That corporation has for some time been attempting to sell its plant to this company, but we have put our gas all over the city, and thus have been able to make with consumers, but failing to get their extortionate price, they open with a scurrilous attack, which squirts so strongly in the direction of black-mail.

We have no desire to enter into any lengthy controversy with a corporation capable of descending to the nasty and to some depths of scurrility and slander resorted to by our competitors, but take brief space to say that the Lowe Gas and Electric Company is not making the kind of gas referred to, instead, it is making the best of gas ever made, pure, brilliant and beautiful illuminating gas ever made upon this continent (which also as a fuel has no competitor, and is a saving from pure oil and water only, which, ever, chid knows, contains no unhealthy elements. This is further clearly shown in the expert report published by eminent chemists in this city of a recent date, in which they certified to the superior quality of our gas over that manufactured by the Los Angeles Gas Company.

The rapidity with which this company is growing in favor and its product being taken by all classes of consumers for heat, light and power has sent consternation into the ranks of the old monopoly, which takes this narrow-minded course to check our progress, with the same vain hope that it had some weeks since, when they tried to go us out of the way that they might return to \$3 per 1000 for gas of half the candle-power we are supplying.

It will be well for the Los Angeles Gas Company to carefully consider that we are here to make the kind of gas referred to, and supplying a superior article of gas at a fair price, which is all that fair-minded people ask. Labels and slanders have never yet checked any honest and legitimate enterprise, and they will not check us. We will as we keep our rates as low as consistent with fair profits, which every consumer knows is better than getting an inferior quality of gas below cost of manufacture or even for nothing for a short time.

In this connection we desire to express our regret that the city of Los Angeles has no record of the public health for the sleeping babies in the cradles of gas consumers, other than the old monopoly Los Angeles Gas Company, who seem to have forgotten that their gas has taken life within one year, and on December 23, 1887, Mr. Hargrave and wife, room 28 Stevenson House, were found unconscious from inhaling their gas and remained so until 3 o'clock the following afternoon, and would not have recovered had it not been for the skill of their physicians. And again on the 10th of May last, their room and three men became asphyxiated while repairing a main in front of the courthouse, on Spring street, and came near losing their lives. This did not happen 3.00 miles from here.

In closing, we desire to thank the loyal friends who have come to us, and welcome those who are coming, assuring them that we shall continue to give them the best article with the best treatment, in spite of lies or slanders. LOWE GAS AND ELECTRIC COMPANY, 204 South Main Street.

## The Arrangements for the Coming Fair.

Anna B. Southwick led the devotional exercises of the union held at 2 p.m. yesterday at the South Methodist Church. The attendance was good.

The time of the pomological fair drawing near, and it having been decided to give lunches at the fair, the following appointments were made: Mrs. McIntosh, general manager; Mrs. Keyes and Mrs. McIntosh, a committee on proper place in pavilion for the serving of lunches; also, on stove and tables; Mrs. Garbutt on tablecloths and napkins; Mrs. Crow on dishes, spoons, knives and forks; Mrs. More on ice and cream; Mrs. Dr. Spaulding on lemonade.

Arrangements for the thorough canvass of Los Angeles with tickets and for edibles were completed.

A lady present spoke of a friend being in deep sorrow over the fact that a saloon was soon to be opened in her neighborhood. It was thought this calamity could be averted by the prompt circulation of a petition of remonstrance.

Mrs. Spencer stated that a week from Sunday night a mass meeting of women was to be held, and would be addressed by Dr. James. "Social Purity" will be the theme of discussion. There will likewise be held in another church a mass meeting of men having the same good object at heart.

Mrs. Bosbyshell was delegated to adjust and fill with reading the wall pocket on Haymarket, so that those who desire can read while waiting for a boom in their line.
